

## December is the Month for Hunger Service

### Global Service Team

### Service Towards Hunger

Lions John Wicker and Danny Fletcher have been asked by 1<sup>st</sup> VDG & GST Coordinator Lion Billy Ketner to be one of the 5 Global Causes team members.

The two of us cannot attend all of the Clubs so the next best thing is to write an article for the District newsletter and to send out an email blast.

December is the month recognized as the month for service towards Hunger. Although we should all be aware of this need and do what we can each month.

What can a Club do for hunger? Probably the easiest thing to do is to select a meeting day and have the Club Members bring in food items for the nearest food pantry. There is probably a food pantry in your town. This could be the North Texas Food Bank or a local Church that has a pantry.

We know that there are several Clubs that drive for Meals-On-Wheels on a regular basis. This is another way to assist the hungry.

No matter what your Club does towards HUNGER please make sure that your Club Secretary reports this to LCI through MY LION.

If your Club cannot do something for hunger in December try to do something before the end of this Lions year which is June 30, 2020.

If you are looking for a place to donate to or volunteer at look at this web site [citysquare.org](http://citysquare.org). They assist in feeding, housing, health wellness and employment. They are always looking for volunteers to assist on the commissary.
